Professional: Clear Written & Verbal Communication | Empathy | Problem Solving | Time Management | Training & Mentoring | Project Management | Stakeholder Communication

EXPERIENCE

Customer Care Specialist | The Growth Hub Africa | 2024–Present

- Handle customer inquiries and support tickets by phone and email for US customers, resolving issues and following up to closure to keep customer satisfaction high.
- Resolve customer complaints, including warranty claims and damaged-order cases, keeping each customer informed until the case is closed.
- Identify the root causes of recurring customer issues and escalate them to the engineering team so problems are fixed at the source.
- Led customer onboarding for VarsityScape, a software product in the Ondo State Business Accelerator Programme, guiding new users through setup and onboarding calls.
- Maintain customer records, interaction history and follow-ups in HubSpot CRM.
- Also support founders in the iHatch Startup Incubation Programme (with ONDI/NITDA), mentoring 5 startups.

Project Manager / Technology Trainer | The Growth Hub Africa | 2022–Present

- Deliver technology and project management training and mentor learners.

Startup Incubation & Business Development Lead | Ondo State Business Accelerator Programme | Project Assignment

- Mentored 20+ startups and entrepreneurs through business development and acceleration activities.
- Tracked programme milestones and supported business-model refinement and growth planning.

Regional Programme Lead | National Girls in ICT Competition, Ondo State | Project Assignment

- Led programme implementation across Ondo State and coordinated 8 participating secondary schools.
- Trained students in pitch-deck development and presentation and prepared teams for the South-West regional competition.

Production | Nigerian Breweries Plc | 2018–2020

- Supported brewing, filtration and bottling operations, quality control, material coordination and occupational health and safety.
- Worked with laboratory staff on chemical composition analysis of beer and raw materials.

Soil Science Research Assistant | National Soil, Plant and Water Research Institute (NSPWRI), Moor Plantation, Ibadan | 2017–2018

- Collected and analysed soil, water and environmental samples and maintained research documentation and laboratory records.
- Supported soil classification, land-use planning, environmental monitoring and technical reporting.

EDUCATION

Bachelor of Science Education (B.Sc.Ed.), Chemistry | University of Ilorin | 2012–2016
